Remember:

- Perpetrators are responsible for sexual assaults. Perpetrators take advantage of vulnerability and seek opportunities to commit sexual assaults.
- Trust your instincts. If you feel unsafe, get to a safe place, and call for help.
- Get verbal consent from your partner, and don't assume you know what the other person wants.
- Consent can be withdrawn at any time.
- Don't feel obligated to do anything you don't want to. "I don't want to" is always a good enough reason.
