

MINNESOTA STATE UNIVERSITY
MOORHEAD®

Date: _____

Dear _____ :

This letter serves as a notification from International Student Services regarding the termination of your student status with immigration. Our office record shows that you are currently out of status which means that you no longer have a valid F-1 student status. Please note the following information:

- You are not eligible for any benefits that accompany a valid F-1 status, such as on campus work, practical training, in-state tuition etc.
- Under the immigration regulations, you are ineligible to be employed. If you are currently employed, you must terminate your employment immediately.
- You are still obligated to purchase the MSU Moorhead mandatory health insurance.
- Due to your immigration status, we are not obligated to consider you as an international student. Therefore, our office has archived your student-record, reported your status to the Immigration and stopped processing all types of data and paper work for you.
- A hold has been placed on your record. If you wish to be enrolled in classes in the future, please sign and return this letter to our office so that we could remove the hold and allow you to register.
- If you wish to continue your education under a valid F-1 status, if you can you must apply for reinstatement to the Department of Homeland Security/Immigration. Please contact our office for further assistance on the procedure. You are encouraged to discuss your status with an immigration lawyer/attorney.

Sincerely,

Kimberly Gillette
Global Engagement Director
Center for Global Engagement

I acknowledge receiving above information about my F-1 status.
